

Join today and become one of many artists showing their work and gaining inspiration from others within the community!

Please allow us to take just a moment to introduce you to the Mountain Arts Association, Inc. (MAA) and invite you to consider becoming a member. Established in 2003 by a group of local artists and towns people interested in the arts within our community, our mission is to create and support art related exhibitions, educational events and art appreciation in the Tri-State mountain area. Since we are a 501(c)3 non-profit organization, we gratefully rely on membership dues, federal, state and local grants and contributions from local businesses to support this important program. By joining MAA, you, too, will have the satisfaction of knowing that you are contributing to this worth wild effort.

With your annual membership (January 1 - December 31) you will receive information about and invitations to special art events hosted by MAA. This includes our Artist Lecture Series, Children's Workshops, art-related trips, Brasstown Valley Gallery, and our Art Expos featuring member artists.

Members who are artists, galleries, and/or art related retailers are invited to have a link from our website and provide a photograph to be featured on the website www.Mtn-Arts.org.
